# RESUME

## AARAV GOEL

AI/ML Student @ SRMIST KTR

+91 9500554947/Alt +91 9873004947 | goelaarav290@gmail.com | Portfolio: https://goelaarav.dpdns.org

GitHub Profile: https://github.com/coderaarav12 | LinkedIn Profile: https://linkedin.com/in/aaravgoel12

## CAREER SUMMARY

AI/ML undergraduate at SRMIST with hands-on experience building and deploying real-world full-stack applications, with a strong focus on Python, TypeScript, Next.js, APIs, automation, and cloud technologies.

Builder-oriented developer who enjoys solving practical problems through technology, with experience across software development, Aspiring AI Software Engineer focused on building practical, scalable products.

Eager to learn more about AI automations and Management

## EXPERTISE

Full-Stack Development | API Integration | Web Automation | Product Development | UI Implementation | Cloud Deployment

## TECHNICAL SKILLS

Python | C++ | JavaScript | Tailwind CSS | | Git | GitHub | Cloudflare | Adobe Premiere Pro | After Effects

## ACADEMIC EXPERIENCE

**PR TEAM MEMBER** | Directorate of alumni affairs (SRM) Sep 2026 – Present

Assisted in planning and executing promotional and communication initiatives for alumni events and activities.

Supported event coordination, publicity, and outreach efforts to strengthen alumni–student engagement.

Created and coordinated digital content for event promotions, announcements, and outreach.

**DESIGN MANAGER** | Cherry+ Network May 2026 – Present

Got Special Recognition and double elevation to Design Manager

Leading design strategy and visual identity for Cherry+ Network, an interactive social platform for campus communities.

Managing end-to-end design workflows, coordinating with cross-functional teams, ensuring brand consistency across all digital touchpoints, and mentoring junior design team members.

**DESIGN INTERN** | Cherry+ Network Oct 2025 – May 2026

Worked with the design team to develop engaging visual content while maintaining consistency with the organization's branding.

Contributed to promotional creatives, event content, and digital media assets across various platforms.

## EDUCATION

**BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE** | CSE AI/ML | SRMIST KTR 2025 – 2029

Currently in Semester -3 | Year-1 CGPA: 6.86

**SCHOOLING** | PCM & Engineering Graphics | Vedritam Group (DAV Group of schools) 2017 – 2025

10th Marks: 91.2% 12th Marks: 72.3%

## PROJECTS

**EDUTECHSRM - FULL-STACK ACADEMIC DASHBOARD** March 2026 – Present

Website: https://www.edutechsrm.in (Currently used by 250+ active users)

- Frontend: Next.js 16, Tailwind CSS, Framer Motion, and Radix UI.
- Backend: Serverless TypeScript, Cloudflare Workers, Web scraping(https), Playwright fallback automation
- Serverless architecture, No password storage - credentials handled entirely through session tokens.

Demo Credentials (Non-SRM) - NetID: dm1234 Password: edutechsrm@124
Source Files: https://github.com/coderaarav12/edutechsrm-frontend-in

**REGIONAL MEDICINE SHORTAGE DETECTION & REDISTRIBUTION SYSTEM – MANIPAL HACKATHON 26** September 2026

- Ripple is an intelligent, early-warning supply chain network intelligence platform designed around one foundational insight:
- One low facility is noise; several nearby facilities running low on the same medicine at the same time is signal.
- By analyzing consumption velocity, confidence-bounded stock runways, and geospatial clustering, Ripple catches emerging regional shortages days before facilities hit zero.

Frontend: HTML5, CSS3, JavaScript, Leaflet.js, Backend: Python, FastAPI, Uvicorn, Pandas, NumPy, SciPy, Scikit-learn
Source Files: https://github.com/4rch1t/ripple

**SYNCMASTERS CPSE MATERIAL INTELLIGENCE PORTAL – SIH** September 2026

- Developed a full-stack GovTech platform to standardize fragmented raw-material nomenclature across India's CPSEs, enabling unified procurement and demand aggregation.
- Built an AI-driven orchestration pipeline using local Llama 3.2 Vision models to ingest, extract, normalize, and map thousands of material records into a unified master database.

Frontend: React 18, Vite, Tailwind CSS, React Router, Lucide React, Backend: Cloudflare Workers, Hono, Cloudflare D1, Python, Fast API, Uvicorn, AI Backend:Ollama, Llama 3.2, Llama 3.2 Vision
Source Files: https://github.com/coderaarav12/SIH2026

**TRUST OS – HACKATHON** August 2026

- An AI Integrity Platform that verifies whether a candidate genuinely completed an interview, assessment, coding challenge, or remote work session.
- Instead of relying on simple AI classifiers, TrustOS combines browser signals, face/hand behavioral tracking, and multi-agent AI analysis into an Explainable Score backed by real evidence.

Frontend: Chrome Extension ,Backend: Fast API
Source Files: https://github.com/coderaarav12/Hackathon-TrustOS

## CERTIFICATES

- **AI FUNDAMENTALS** | Google - May 2026 | Credential ID: 8YPOZH4YAEMI
- **OBJECT ORIENTED PROGRAMMING WITH C++** | Microsoft (Coursera) - May 2026 | Credential ID: DIAVK96YVZDV
- **PYTHON FOR DATA SCIENCE, AI & DEVELOPMENT** | IBM - Dec 2025 | Credential ID: WGD2ICSMNBZS
- **ENDURO — SOFTWARE TRAINING & INNER PERSONALITY DEVELOPMENT WORKSHOP** | ENDURO in collaboration with IIT Hyderabad - Aug 2025 | ID: EN251633
- **THE FUNDAMENTALS OF RDMA PROGRAMMING** | NVIDIA - JUL 2025 | Credential ID: KN4PJG9RWP0H
- **PROGRAMMING WITH C++** | Simplilearn - Jul 2025 | Credential ID: TQSK59BDIBQ4
- **AI FOR BEGINNERS** | HP LIFE - Jun 2025

## INTERESTS

Video Editing | Reading Novels |Swimming| Lawn Tennis

## PERSONAL INFORMATION

Name: Aarav Goel
DOB: 3rd October 2007
Father's Name: Sachin Kumar Goel
Current Location: Chennai, Tamil Nadu
